

## PRECITEX PRODUCTS

### APRONS

PRECITEX synthetic rubber aprons are made from superior polymer for delivering uniform performance throughout their working life.

### SALIENT FEATURES

- The outer layer of apron offers excellent resistance to abrasion. It offers high degree of ozone resistance and also resistance to damage due to dyes, chemicals and other spinning additives. The smooth surface finish enables proper fibre control.
- The inner layer has very good wear resistant properties and offers better durability. It has very low coefficient of friction to ensure smooth gliding movement of apron on drafting elements.
- Higher tensile strength of apron minimizes instances of apron breakage.

### RECOMMENDATION

FOR RING FRAME

QUALITY	COLOUR	FIBRE	RECOMMENDATION
XP 7740	Peach outside/ Grey inside	C & TC	Top position for high draft and compact spinning. Offers long life.
XP 7711	Peach outside/ Dark green inside	C & TC	Short bottom apron. Bottom apron for high draft and compact spinning. Offers long life. Suitable for super long ring frames (minimum torque requirement).
HP HKE 7740	Light Green outside/ Grey inside	C	Top position for conventional ring frame.
HP HKE 7711	Light green outside/ Dark Green inside	C	Bottom position for conventional ring frame.
HP WB 6640	Light Grey outside/ Grey inside	All	Top position.
HP WH 6680	Grey outside/ Dark Green inside	C, TC, W	Bottom position.
ET 7740	Yellow outside/ Grey inside	C, TC	Top position, designed for compact spinning for longer life.
ET 7711	Yellow outside/ Green inside	C, TC	Bottom position, designed for compact spinning for longer life. Suitable for super long ring frames (minimum torque requirement).
SYN 9281	Lilac outside/ Green inside	S	Bottom position for grey synthetic blends.
TA 5500	Black outside/ Green inside	S	Bottom position for dyed and coarse synthetic blends. Suitable for recycled fibres also.
HP BLH 1180	Black outside/ Dark Green inside	S	Bottom position for synthetic blends, for conventional ring frame.

### FOR FLY FRAME

QUALITY	COLOUR	FIBRE	RECOMMENDATION
HP BLH 1180	Black outside/ Dark Green inside	All	Bottom position.
HP WH 6680	Grey outside/ Dark Green inside	All	Bottom position.
HP WB 6640	Light Grey outside/ Grey inside	All	Top position.
HP HKE 7711	Light green outside/ Dark Green inside	C	For short bottom position apron application.

C – Cotton, S – Synthetic, TC – Polyester Cotton Blends, W – Wool
